PROFESSIONAL SUMMARY

Junior full-stack developer skilled in React, Laravel, and Inertia.js. Owned frontend development on a three-role approval workflow system during OJT, and independently built a full-stack gym management platform end to end, from database schema to POS and analytics dashboards. Seeking a junior developer role, with a long-term goal of moving into AI systems development.

TECHNICAL SKILLS

Frontend: React, Inertia.js, Tailwind CSS, TypeScript, JavaScript, HTML, CSS, responsive design

Backend: PHP, Laravel, Eloquent ORM, mysqli, RESTful patterns, MySQL, schema design

Tools & Practices: Git/GitHub, PHPUnit (AAA pattern), Chart.js, problem-solving, cross-functional teamwork

EXPERIENCE

Software Developer Intern (OJT)

Feb – Mar 2026

DepEd Schools Division Office of San Jose City

- Built the frontend for a CS Form No. 6 digitalization system (React, Inertia.js, Tailwind, Laravel), replacing a paper approval process with a three-level RBAC workflow, e-signature upload, and print-optimized PDF output
- Wrote 19 feature/unit tests with PHPUnit (AAA pattern) and deployed/maintained the app on a live production server, coordinating with a backend-focused teammate
- Logged 342 hours; earned a 98/100 rating across all four quarterly performance appraisals

FEATURED PROJECTS

Gym Management System — Thesis Project (Defended)

- Built a full gym management platform (PHP, MySQL) with role-based portals for Admin, Trainer, and Client, a custom database schema, and a POS/inventory module with low-stock alerts and printable receipts
- Implemented QR attendance with real-time feedback and duplicate-scan protection, session booking, workout/nutrition plans, revenue analytics (Chart.js), audit logs, and one-click DB backup

CS Form No. 6 Digitalization System — DepEd OJT

- Structured the frontend around reusable, domain-grouped React components and a thin-controller/Service-Action backend pattern, built to scale toward a future HRIS without a rewrite

EDUCATION

Bachelor of Science in Computer Science

2022 – 2026

STI College San Jose | Presidential List (2022)

CERTIFICATIONS & AWARDS

- DepEd SIPP OJT Certificate of Completion (Feb – Mar 2026)
- Cisco Networking Academy — Introduction to Cybersecurity (Sep 2025)
- Oracle Academy — Java Fundamentals, Terms 1 & 2 (2023)
- ThinkQuest Champion, Tagisan ng Talino — School Level, STI College San Jose (Mar 2025)
